Mr. William Torre
E.P.A. REGION #1
Permits Branch
P.O. Box 8748

Dear Mr. Torre:

We are applying for a permit from the State of Connecticut for Wastewater Discharge (Application Form 2C.) We have been working with them over a year now, and have satisfied all their requirements. For the application, however, we need an E.P.A. Identification Number, and are therefore submitting our application to you now for such a number.

We have a small electropolishing operation that we installed about two years ago. In this operation we also generate solid waste that I believe would be classified as hazardous. We had one pickup of this waste by Environmental Waste Removal on October 15, 1981. Three hundred thirty gallons were picked up, and under State/ E.P.A. Number, we filled out "Applied." I thought this was what I was working on with the State of Connecticut and did not realize I also had to apply to your department.

We have generated another two hundred twenty gallons of this waste and also need an E.P.A. identification number for E.W.R. to pick up this waste. I regret that we have not applied sooner. My only explanation is that this is an extremely small part of our business and the first time we have ventured into it. I was just not familiar with the procedures to be followed.

We would appreciate receiving an E.P.A. Identification Number as soon as possible. If the information contained in this letter is not sufficient, please let us know and I would be happy to supply whatever is required.

Sincerely yours,

A handwritten signature in blue ink that reads "Robert F. Caulfield".

**ACKNOWLEDGEMENT OF NOTIFICATION
OF HAZARDOUS WASTE ACTIVITY
(VERIFICATION)**

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.
